Archival Update

A formal archival project is being undertaken for the Bettendorf Police Department

And we're included...

The Police Department is considering obtaining a professional backdrop for their portrait work so I'm waiting, before moving on with our photos, so we may use the same backdrop.

The Ford Expedition has been refurbished and back in service.

What we've driven in the past has been updated and upgraded for multiple uses. The Code Enforcement Officer will use the vehicle during the daytime hours and the Citizen Patrol will use the vehicle for their shift.

Light bar is still there with the addition of a directional bar in the back window, alley lights, new tires, new battery, new life.

Check out the:

- ◆ Directional light bar in the back window.
- ◆ Detailing—City of Bettendorf Logo and colorful strip racing down the side of the vehicle.
- ◆ Citizen Patrol signage. It's a magnetic strip which will overlay the wording 'Code Enforcement'.

Thanks to Chief Redington, Captain Trudell, Officer Mike Fisher and CSO Judy Welch for your commitment to and support of the Citizen Patrol mission.

Don't walk behind me, I may not lead.

Just walk beside me and be my friend.

UPCOMING MEETINGS AND EVENTS

February Meeting	1 February 2007	7:00—8:00 PM	Bettendorf City Hall
Guest Speaker	Ike Sederstrom, Moline Fire Department		
2007 Citizen Academy	15 February 2007	7:00—9:00 PM	Bettendorf City Hall
March Meeting	1 March 2007	7:00—8:00 PM	Bettendorf City Hall

February meeting speaker is: Ike Sederstrom, deputy Fire Chief, City of Moline

Topic: Provide some thoughts and ideas as to what we can do as Citizens regarding Homeland Security. One possible item of discussion may be CERT (Community Emergency Response Team)

Meeting Agenda: We'll have an abbreviated meeting to accommodate our speaker.

CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number. CERT is a positive and realistic approach to emergency and disaster situations where citizens will be initially on their own and their actions can make a difference. Through training, citizens can manage utilities and put out small fires; treat the three killers by opening airways, controlling bleeding, and treating for shock; provide basic medical aid; search for and rescue victims safely; and organize themselves and spontaneous volunteers to be effective.

2007 Citizen Police Academy Workshop will be begin 15 February 2007 Do you know where the first Academy was held? Do you know the history of the Citizen Police Academy?

The concept of the Citizen Police Academy actually started in the United Kingdom in 1977. It began in the Cornwall Constabulary, Middlesex, Exeter, and Devon, England. A police night school was implemented to allow citizens, who were anxious to learn about Police functions, Police operations and the organization of the Police system in England. The founders received an immediate response from the public. They were soon overwhelmed with applicants wanting to know about "their" police force. The project was so successful that it was permanently adopted as part of an ongoing police public relations program. In 1985, the Orlando, Florida Police Department adopted the concept of the Police Night School for their agency and created the first Citizen Police Academy in the United States. The ultimate goal of the Orlando Citizen Police Academy was to reduce crime through a stronger citizen commitment to the Police Department and the Community. Success was instantaneous and a new law enforcement tool was found. Word of the success spread and in that same year Missouri City, Texas joined in and adopted the same concept. Today you will find Citizen Police Academy programs throughout the United States in communities large and small.
