

## **Sanitation Collection Services**

**Questions: 563-344-4088**

On Monday, May 18, 2020, the City will begin all sanitation collection services at 6:00 a.m. This includes garbage, recycling, bulky waste, and yard waste collections services. Be sure to set solid waste and recycling cans out the night before at regular collection point to avoid missed pickup.

"Bulky Waste" refers to large garbage items that are too heavy to be lifted by one person and too large to fit in a garbage cart. This includes items such as furniture, appliances, tires, and electronic waste.

For a list of accepted items that you may set out on your bulky waste day, please visit the City's website or click on the link.
