To make the City of Bettendorf a premier city takes more than words, it means a commitment to provide the highest quality services to our residents on a daily basis. For instance, did you know the City’s snow removal policy is to clear all public streets within 24 hours of a snowfall event? Most of the time, we have the streets cleared even sooner. In nice weather, it is our policy to clear snow away from residential streets six times during the year – and the downtown area even more often.

When you call City Hall, the phone is answered by a person, not one of those electronic voices. Yet, this old-fashioned touch does not mean we ignore technological advances. We use the latest technology to increase our information delivery to you. Our Council, Park Board, Planning and Zoning, and Board of Adjustment meetings are recorded in digital format and placed on the internet within 24 hours of the meeting. You can view any meeting, and see the materials provided to those boards, at our convenience. We provide 9-1-1 hot spots at all City buildings, or you can access the internet at our award winning library using a Library computer. And, if you have a question or problem, you can send it to us via “Request Partner” 24 hours a day, 365 days per year. We take advantage of technology in small ways, too. We have put LED lights in our traffic signals, rather than light bulbs, to save energy cost and decrease frequency of replacement.

We use best management practices, and in Public Works this resulted in our being first to implement automated garbage collection, which is now being pursued by others in the Quad Cities, and we continue to provide free yard waste bag pick up when the leaves come down.

We use the tax dollars you provide us to keep our infrastructure strong, and to increase our quality of living. The riverfront bike path completed last year provides one of the most scenic views of the Mississippi in the Quad City area. And our goal is to continue and expand that “River City Trail” with the Duck Creek Trail.

The Council and the staff try hard to find solutions to problems, and to engage in a course of conduct which reflects well on the City and its residents. We know that you choose to live in Bettendorf and that you are proud to service your City. We want you to know that we are proud to serve, and through that service, help to continue Bettendorf as a premier city in which to live.
Palmer Hills Golf Course and Pro Shop will be open from sunrise to sunset through December 23. After December 23, hours will be determined by the weather. Please call 563/332-8296 for further information.

New 18 Hole Disc Golf Course
Residents of all ages should check out the new 18 hole disc golf course located between Middle Park and Veteran's Memorial Parks. A nine hole course was installed several years ago at Devil's Glen Park and was so popular that it was expanded to 12 holes last year. This summer a new course was installed at Middle Park and Veteran's Memorial Parks. The course was designed by the Quad City Disc Golf Club and was installed with the help of club volunteers.

The course begins at the disc golf disc parking lot, with the first hole at the parking lot just south of the Centerline and Garden in Middle Park. The course was designed by the Quad City Disc Golf Club and was installed with the help of club volunteers.

Signage for the new course still needs to be installed. There is a map of the new course on the City’s website at bettendorf.org under City Departments/Parks and Recreation/Parks and the course starts off with a hole at the parking lot just south of the Centerline and Garden in Middle Park.

On November 4, explore the world of Bosnia with a Bosnian Coffee Party from 1:00 p.m. to 3:00 p.m. Traditional food and music will be provided by Bosnia, with Bosnian folklore dance performed by a Bosnian folk dance group, guitar and friend (mainSteps and music), and presentations of Bosnian crochet lace, knitting, and rug (rug weaving).

The second street was Steedler Street west of Terrace Park Drive, which was a 20% return on investment over the past five years. The City of Bettendorf has undergone a number of improvements over the last couple of months. The Life Fitness Center offers a wide variety of fitness options for all age groups.

In addition to offering the only indoor tennis courts available in the Iowa Quad Cities, they offer 18 outdoor tennis courts, three football fields, a four lane 25 yard pool, a large gym, and an array of equipment, including a variety of fitness classes and programs. The facility also features the city’s only indoor volleyball court and indoor basketball courts.

The Life Fitness Center offers an array of services for all age levels, including a full range of personal training, group fitness classes, and many other programs. The center is open from sunrise to sunset, with a full range of equipment, including a variety of fitness classes and programs. The facility also features the city’s only indoor volleyball court and indoor basketball courts.

The Library and reading should be an important part of every person’s life. The Library staff is preparing to celebrate their first 10 years in the remodeled building, dedicated in May 1987, and want to share it with our extended families.
